

Moritz Richter

ABOUT ME

I am currently starting to build my career as a 3D artist through my study at the Hochschule Harz. I am focusing on 3D modelling, animation and graphic design.

EDUCATION

MA in Media- and Gameconception (2022 - 2024)

Hochschule Harz

At the Hochschule Harz I am able to express my artistic side through 3D modelling, animation and graphic design.

BSc in Computer Science (2018 - 2022)

Technische Universität Braunschweig

During my Bachelor I learned the basics of computer science in terms of mathematics, algorithms and programming languages such as Java, Python and C#.

A-Level (2014 - 2017)

BBS 1 Goslar Am Stadtgarten

I graduated from high school with a focus on economy, politics and English.

EXPERIENCE

Siemens Mobility GmbH – Braunschweig (2022)

Repro technician

At Siemens I am responsible for the prints of diverse circuit layouts of traintracks shipped worldwide.

IT Service Desk - TU Braunschweig (2020 - 2022)

First Level Support

At the IT Service Desk I supported students and employees all about the printingsystem, mailing-server, data-storage, computer labs and various software offered by the TU Braunschweig.
